

Mini-Symposium of CRC 1449

17 July 2025, 13:00 – 17:00, Room 201, SupraFAB (Altensteinstr. 23a).

13:00 h – 13:45 h Prof. Bert Meijer, TU/e Eindhoven, Netherlands

„New insights into supramolecular gels and their bioactivity“

13:45 h – 14:15 h Dr. Hongji Yan, Uppsala University, Uppsala, Sweden

“Harnessing nature’s inspiration for biomaterials innovation”

14:15 h – 14:30 h – Coffee-break

14:30 h – 14:40 h – Dr. Alette Winter introduction

14:40 h – 15:25 h Prof. Francisco Corzana, Universidad de La Rioja, Spain

“Glycopeptide Engineering for Next-Generation Cancer Vaccines and Diagnostics”

15:25 h – 15:55 h Prof. Dr. Maria Maares, Potsdam University, Germany

“Metalloglycobiology in health and disease – Essential trace elements modulate mucus structure and secretion”

15:55 h – 16:25 h Arseniy Galashov, Dr. Gael Vos (C01| Seitz/Pagel)

“Semi-synthetic approaches to probe mucin function”

16:25 h Networking

17:00 h BCP Summer Party (Arnimallee 22)
